Dear brother, sisters & friends,

COSMIC SYSTEM

SUB : Abridged articles on Dutyocracy i.e. duty oriented governance & systems.

I wish to speak today on organised conspiracy during colonial rule between 780-1900 to encroach, malign and ruin the fabric of our Indian Civilisation, culture, religion, national pride and to destroy or destabilise our systems, conventions, education and established institutions to divide, disintegrate and enslave humanity as a whole through an un-natural Right-Oriented Systems by a band of Political Criminals in the form of Governments through MAGNA CARTA based constitutions and UN Charter of Human Rights.

Though we cannot change our past but we can retrospect and take such remedial measures and adopt improved and suitable systems to help us root-out the root cause of our misfortune. Present anarchy is the byproduct of rotten & rusted cancerous system (existing out-of-date, beaurocratic, divide and rule governance based on exploitation under the guise of dutyless "Fundamental Human Rights" and "Majority Based Division" oriented democratic system) which has originated from 'MAGNA CARTA' based on negativity and diagonally opposed of the fundamental 'Duty Oriented' laws of nature and universe. Grounds were prepared by such NEGATIVE SYSTEMS and CONSTITUTION during 780-1947.

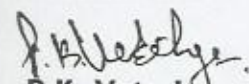

Shall we all 7,000 million population round the globe continue to live in grief and drudgery where 'MINORITY RULES MAJORITY RIGHTS' in which majority are treated slaves and exploited? To reciprocate nature is life, reverse is death. Let us promote the idea to develop 'UNITED HUMANITY INSTEAD OF INTEGRATED OR DEVIDED WORLD', A 'HOME' INSTEAD OF 'HOUSE'.

An alternative COSMIC SYSTEM 'NATURAL POLITICAL AND GOVERNANCE SYSTEM' called 'DUTYCRACY' (कर्तव्यतंत्र) is conceived to save us from the real threat of chaos, collapse and total extinction looming large upon us, upon the humanity.

We must wake-up from slumber and should realise the emergency of alternative workable systems suitable for us. The whole concept was conceived and developed during 1995-2000. Now there is hightime for its implementation. Under such express situation, **there is an urgent need to prevail wisdom to get out of hippocracy and bring us and our children a bright future where we live in tension-free happiness and peace with 'SWADESHI' prosperity.**

We, therefore, urge upon you to give us moral support to strengthen our 'RESOLUTION'.

Encl : Six
